OWNER'S MANUAL

XFB/XSF/SFL Low-profile Bed

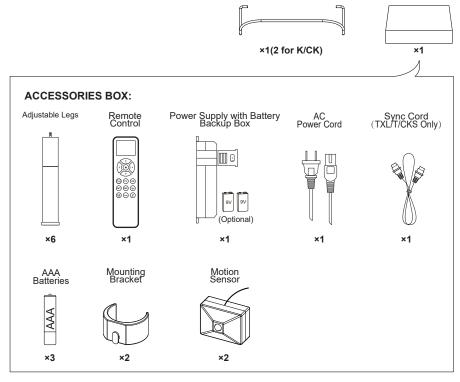

Setup the power foundation without the bed frame.

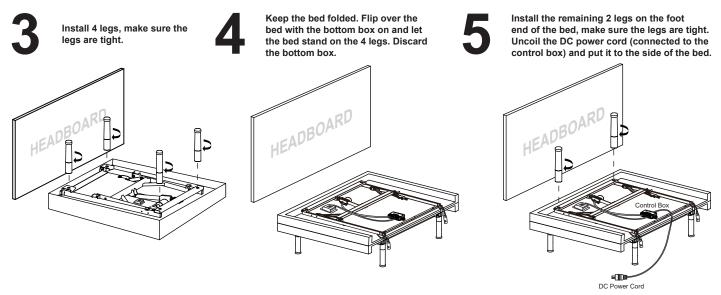

Take out all the accessories from the packaging and put them aside. All electronics and components that need to be installed are located in boxes under the foundation or attached to the frame. Before discarding the packing materials, ensure that all the parts are accounted for.

Mattress Retainer Bar

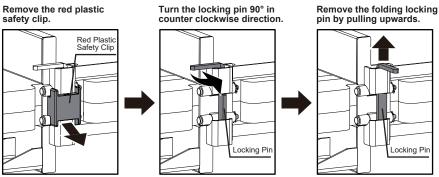

Accessories Box

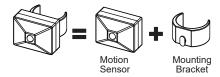

<u>MARNING!</u> FAILURE TO FOLLOW THIS STEP WILL RESULT IN DAMAGE TO YOUR POWER FOUNDATION. PLEASE MAKE SURE YOU FOLLOW THE INSTRUCTIONS CAREFULLY BEFORE UNFOLDING YOUR POWER FOUNDATION.

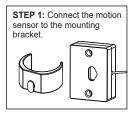

Remove the red plastic safety lock before unfolding your power foundation.

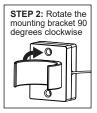

Motion sensor installation

Prepare The Motion Sensor Hardware.

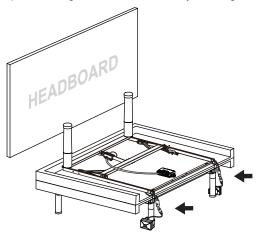

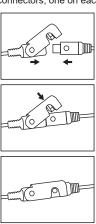

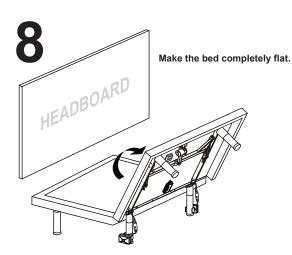

Connect The Motion Sensor Connectors.

STEP 1: Clip the mounting bracket onto the center adjustable legs as illustrated.

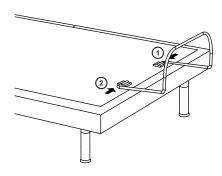

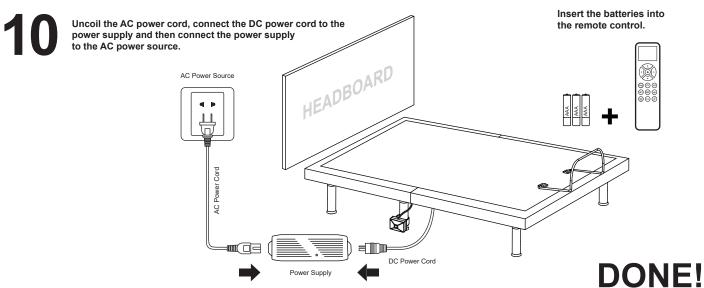

STEP 2: Connect the motion sensor connectors as illustrated. Note there are two connectors, one on each side of the bed.

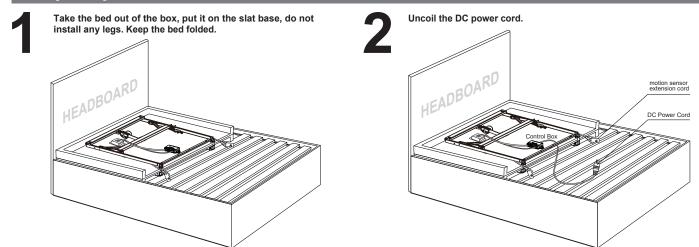

Install the mattress retainer bar one side after another.

Setup the power foundation with the bed frame and slat base.

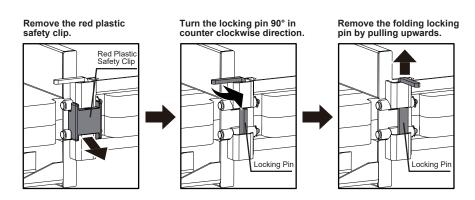

WARNING!

FAILURE TO FOLLOW THIS STEP WILL RESULT IN DAMAGE TO YOUR POWER FOUNDATION.

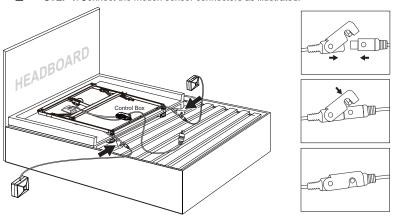

PLEASE MAKE SURE YOU FOLLOW THE INSTRUCTIONS CAREFULLY BEFORE UNFOLDING YOUR POWER FOUNDATION.

Remove the red plastic safety lock before unfolding your power foundation.

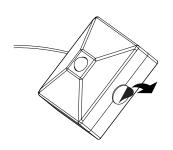

Motion sensor installation

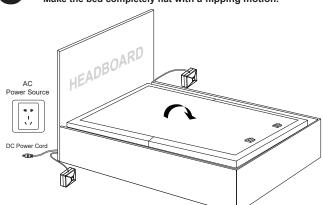

STEP 1: Connect the motion sensor connectors as illustrated.

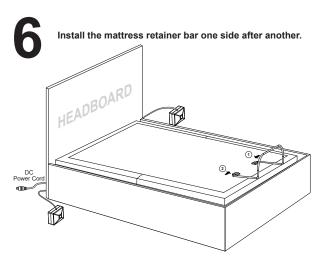

STEP 2: Use the double sided tape to secure the motion sensor when necessary.

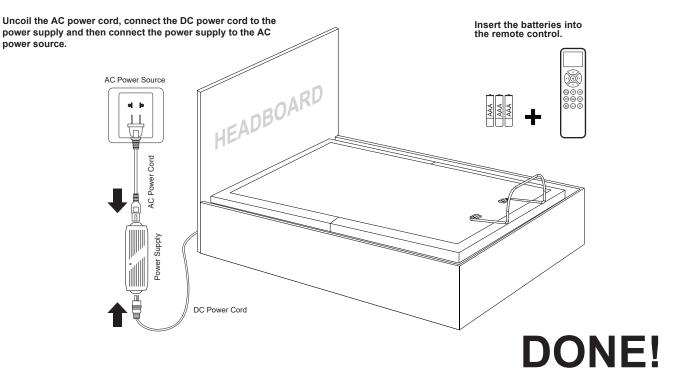

Pull the DC power cord towards the direction of the AC power source through either the bottom or the side of the bed frame. Pull the two motion sensors to the two sides of the bed frame. Make the bed completely flat with a flipping motion.

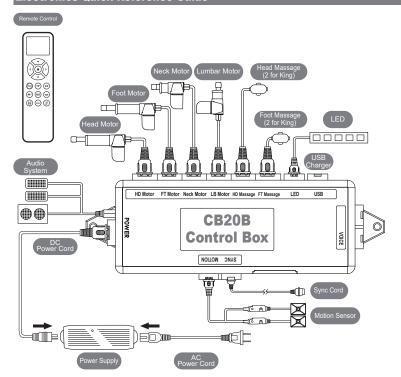

power source.

Electronics Quick Reference Guide

If simultaneous operation of two foundations is desired, please follow the steps listed below.

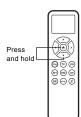

Note the sync cord is needed to control two foundations with mobile APP, follow the "Synchronizing Two Foundations with Sync Cord" instruction to install the sync cord or follow the "Wireless Syncing Instruction".

Wireless Syncing Instruction

- STEP 1: Make sure both remotes are individualy paired to the foundation. If the remote is not paired with the foundation, follow the pairing instructions.
- STEP 2: Make sure both foundations are at home (flat position).
- STEP 3: Press and hold ▲ and ⑥ on both remotes at the same time for 8 seconds until the LCD screen shows **SYNC**.

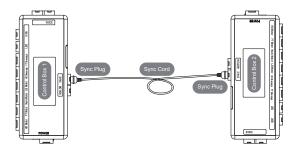

UN-SYNC Two Foundations

Press and hold ▼ and • on both remotes at the same time for 8 seconds, until the LCD screen flashes and shows **UNSYNC**.

Synchronizing Two Foundations with Sync Cord

- STEP 1: Unplug foundations from the power source.
- STEP 2: Connect the male ends of the sync cord to the female sync plugs of the control boxes (Refer to below illustration).
- STEP 3: Plug foundations back into the power source.
- STEP 4: Check to ensure all cords are securely attached. Either remote will operate both foundations simultaneously.

Remote Control Instructions

SELECT BUTTON

Press these two button to select Head/Foot/Neck/Lumbar zone

ADJUST

This button lifts the Head/Foot/Neck/ Lumbar section of the foundation.

This button lowers the Head/Foot/ Neck/Lumbar section of the foundation.

MASSAGE FEATURES

Turn on the head massage. Cycle through 3 massage intensities.

Turn on the foot massage. Cycle through 3 massage intensities.

STOP Turn off the head/foot massage.

SETTING PROGRAMMABLE POSITION

One-touch programmable positions.

UNDER BED LIGHTING

Under bed LED lighting on/off.

ONE TOUCH BUTTON

One-touch ANTI-SNORE preset position.

One-touch flat position.

One-touch TV preset position.

One-touch Zero Gravity preset position. Zero Gravity adjusts your legs to a higher level than your heart, helping to relieve pressure of the lower back and promote circulation.

Pairing Remote

The original remote that comes in the box is already paired to the foundation. No further action is required. In the event when the remote is not paired with the foundation, follow the pairing instructions below.

- STEP 1: Make sure the batteries are good. Replace them when needed.
- STEP 2: Unplug the power cord from the power source. If 9V backup batteries were installed in the power supply, remove them.
- STEP 3: Press and hold Select buttons and until the LCD screen of the remote control shows PAIR.
- STEP 4: Plug the power cord back into the power source. The LCD screen on the remote control shows "PASS", and you will hear an activation sound in 2 seconds indicating the remote is paired to the power foundation.

Setting Programmable Position

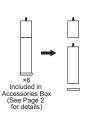

- STEP 1: Adjust the head and foot to your desired position.
- STEP 2: Press and hold the LED button for about 5 seconds until the screen shows SAVE, then press programmable buttons M1 or M2 until vou hear 2 beep sounds.
- STEP 3: To save a new position, repeat step 1 and 2 and the new position will be saved.

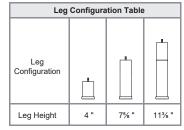

BATTERY LEVEL

The battery icon in the upper-right conner shows the battery level, replace the batteries when the battery level is low.

Legs Installation Guide

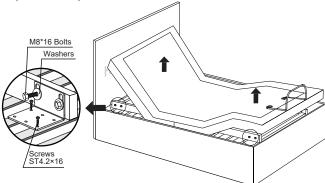

Support leg may be needed on some slat/platform bed frames, refer to the leg configuration table for height adjustment.

* Make sure the adjustable legs are properly tight, and the plastic caps have been placed at the bottom of the legs. Incorrect installation might cause the part to fail or damage the floor.

STABILIZER BRACKETS COMPONENTS						
(4) Stabilizer Brackets	(8) Screws ST4.2×16	(8) Bolts M8*16	(8) Washers	(1) Socket Wrench		
			0			

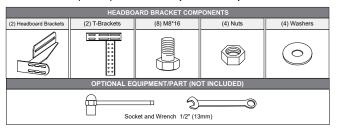

Stabilizer brackets are optional and not included. They can fix the bed onto the slat base. A phillips screwdriver and socket wrench are required to complete the installation.

Lift the head and foot end of the bed by remote control. Install four stabilizer brackets as shown. Use a phillips screwdriver and socket wrench to tighten the screws and bolts.

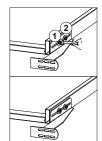

Headboard Bracket Installation Guide (Optional)

Headboard brackets are optional and not included. A 1/2" (13 mm) socket and 1/2" (13 mm) wrench are required to complete the installation.

STEP 1

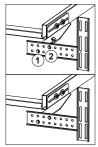

a)Align the slot hole of the headboard bracket to the sleeve into which the leg threads. DO NOT OVERTIGHTEN. Too much force may damage the thread.

b)The headboard bracket has 2 adjustable slots to accommodate any frame type. Use the bolts and washers to secure the bracket. Make sure the bolts are tight.

STEP 2

a)To put the T-Bracket and Headboard Bracket together, you will need (2) M8×16 bolts and (2) nuts. Slip the bolts through the holes from T-Bracket to Headboard Bracket with the head of bolt facing outward. Use the 1/2" (13 mm) socket and 1/2" (13mm) wrench to tighten the bolts.

STEP 3

You may now connect your headboard to the attachment plates using the remaining short bolts and nuts to secure it to the brackets. The heads of the bolts will face outward. Use a 1/2" (13mm) socket and 1/2" (13mm) wrench to tighten the bolts.

MotoSleep Mobile APP (Optional)

General Information

MotoSleep Mobile APP is a mobile application to control the MotoSleep Power Foundation with mobile devices. The application is available for both iOS and Android based smart devices.

The MotoSleep Mobile APP uses the latest technology to communicate with your MotoSleep Power Foundation. Make sure your mobile devices has the pairing function for the APP to work correctly.

Install the MotoSleep APP

IOS

- Open APP Store on your IOS device
- Tap the Magnify Glass Icon Q and search with the keyword MOTOSLEEP
- Tap on *GET and INSTALL to install the APP
- · Wait for the download/installation to be complete

Android

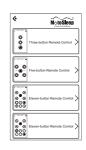

- Open www.motosleep.com from your browser.
- Scroll down to the bottom of the page and press download.
- In the download page, tap the download button to download the app.
- Open the download file and install the app.

The Built-in Owner's Manual at your fingertip

4

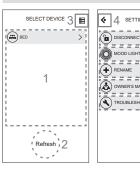

Device Pairing

Before you start. Switch on the pairing function on your mobile device. Make sure your MotoSleep Power Foundation is correctly connected and is power-on.

The MotoSleep APP will automatically pair your MotoSleep Power Foundation once you start the APP and does not require additional settings.

Spacing Connector for TXL/T/CKS (Optional)

Install two spacing connectors to ensure the gap between the two adjustable bases is consistent.

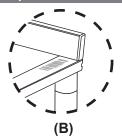

Lift the head and foot end of the bed by remote control. Install the spacing connector as shown.

Product Serial Number (Figure B)

Each power foundation has its unique serial number. The serial number can be found on the metal frame near the legs at the foot area.

Audio System

Pairing Instruction

- 1. Once power is supplied, the audio kit begins to search pairing device automatically. It keeps searching until it pairs with other device successfully. It could only pair with one device at a time. If you want to pair with a different device, disconnect the paired device, before connect with the new device.
- 2. The audio kit could be controlled via the paired device.
- 3. Description of device: REMO4.11
- 4. Connection rang: 26 ft.

Frequently Asked Qustions

Description of problem	Possible cause, correction & maintenance	
No sound	The volume is on minimum; Audio System not paired properly; Please contact the store or customer service.	
Audio System cannot be paired	Restart your power base; Do not attempt to pair the device behind a wall; Make sure you're pairing the device within the working distance (26 ft).
